Fennel Gets Six Months.

Jack Fennell who, it will be remembered, was shot by a boy named George Connolly at Hillcrest recently while the former was attacking the store of the boy's mother, was sent to the county jail last week by Judge McSweeney to serve a six-month's sentence for malicious mischief. He was badly wounded by the boy, one of the shots passing through his left hand. Sunday it was necessary to amputate one of his fingers to prevent blood poisoning. The operation was performed by Dr. Taggart.

Young Arnold Hess was painfully injured Monday by an exploding firecracker, one of his hands being seriously burned.

Mrs. Henry Steinburger and her daughter Grace are camping at La Honda.

Poison Oak Poisoning.

Ballard's Snow Liniment cures it. Mr. O. H. P. Cornelius, Sumner, Ore., writes: My wife has discovered that Snow Liniment cures "Poison Oak Poisoning," a very painful trouble. She not only cured a case of it on herself, but on two of her friends who were poisoned by this same ivy. Price 25c, 50c and $1.00. Sold by Ryan's Drug Store.

Death of J. M. Larrouy.

John Michell Larrouy, the eldest brother of Jean and Frank Larrouy of this city, passed away in San Francisco, June 28th after a brief illness. The deceased was a native of France, aged 46 years, a man of education, and a druggist by profession. He was enterred at Holy Cross last Thursday. The deceased was unmarried.

Miss Louise Mourot, who is teaching French and Spanish in a Los Angeles high school, is home for her summer vacation.

Sixty-Five Thousand Dollar Distribution to the People. For Ten Days Entire Profits Will be Swept Away. Every Home in California Should Benefit by this Colossal Event

THE PUBLIC OF SAN JOSE and the entire State of California and surrounding country from one hundred to two hundred miles in all directions, will benefit greatly by a colossal purchase from the manufacturers which was recently made by one of San Jose's largest establishments—The Cambers-Hayes Company's big purchase of $65,000 worth of Manufacturers' surplus stocks. Forty-two carloads in all, consisting of furniture, carpets, rugs, curtains, stoves and household goods of every description for the home. This is, without question of a doubt, the greatest purchase that was ever made by any furniture establishment IN THE UNITED STATES. ON ACCOUNT OF THE RECENT CONDITION OF THE MONEY MARKET THE CAMBERS-HAYES COMPANY SECURED OVER FORTY-TWO CAR LOADS OF MANUFACTURERS' SURPLUS STOCKS AT AN UNHEARD OF LOW FIGURE,—MANUFACTURERS WERE FORCED TO SELL AND THE CAMBERS-HAYES CO. OBTAINED THESE IMMENSE SURPLUS STOCKS AT PRACTICALLY THEIR OWN PRICE. The managers of the Cambers-Hayes Company say that they propose to give the people of San Jose, and throughout the entire State of California and vicinity the benefit of their great purchase in order to attract twenty thousand new patrons to their establishment, and say that they will give the public **the most stupendous and most remarkable ten-day sacrifice on furniture, carpets, rugs, curtains, household goods, etc., that was ever given before by any establishment in the United States.** This immense big purchase, direct from the Manufacturers, will be sold at such ridiculously low prices that the public will be amazed. This will be a ten-day sale that will be without question **The biggest Bargain Feast and Sale of furniture that was ever given, not only in the State of California, but it will be the biggest sacrifice on furniture that was ever given in this country. Commercial circles** will be **ASTOUNDED** at the tremendous bargains offered. It will be a **Bargain Earthquake of low prices** on good quality furniture, carpets, rugs, etc., that will arouse the people throughout the entire State and vicinity from center to circumference. It took great nerve and a big outlay of ready cash to buy this large surplus of Manufacturers' stocks, but **CAMBERS-HAYES COMPANY** say there is nothing too good for the people of **CALIFORNIA**, and say that they propose to give the public a stupendous **ten-day sale on the above stocks that will be the talk of the entire state for the next ten years to come.** It will be a premier effort in value-giving on furniture, carpets, rugs, etc., such as the public will long remember, as never heretofore have our people been able to buy furniture, carpets, rugs and house furnishings of every description at less than actual wholesale cost to manufacture. **THE CAMBERS-HAYES COMPANY'S** big store, at 179-181 South First St., and 31-37 West San Antonio St. is now closed in order to get this $65,000 purchase of surplus stock in readiness for the big crowds that will attend this sale on the opening day, therefore this big establishment will not be open for business until this colossal sale starts which will be on **Wednesday Morning, at 8:00 A. M., July 14th.** This is no ordinary furniture sale, **but one, in fact, that seldom occurs in any community. The Cambers-Hayes Company** have certainly prepared for enormous crowds of people, having already engaged extra salespeople, besides their regular large force, in order to be able to wait upon the large crowds that will attend this sale during the ten-day sacrifice. This will be a furniture feast for judicious buyers, such as was never given before by any other establishment throughout the **United States. The banks, the savings banks** only pay 3 per cent on money that you deposit for savings. **During this sale your money will practically earn 30 per cent to 40 per cent profit for you, in the purchasing of furniture, carpets, rugs and house hold needs. This big sale starts promptly on July 14th, Wednesday morning, at 8:00 A. M. Be careful and besure you find the right place, ask any street car conductor, who will direct you to our store—The Cambers-Hayes Company, at 179-181 South First St., and 31-37 West San Antonio St.. San Jose, California. The store which is now closed, will remain closed until the opening day of the sale, which is July 14th, Wednesday, at 8:00 A. M.**

If you cannot attend this big sale in person, then send in your mail orders. **We hereby agree to pay the freight on any purchase made to any town or city within a radius of three hundred miles from San Jose.** Be here on the opening day, if possible, or on one of the special sale days, and secure your share of the many bargains offered.

Remember that this big sale positively only lasts ten days, beginning on Wednesday morning, July 14th, ending on Saturday night, July 24th. In Justice to your Pocket book, don't miss this big furniture sale, as such an opportunity as this is but seldom offered.

If you value money! Then prepare accordingly as you cannot afford to miss this colossal event

FIRE ALARM SYSTEM

Council Will Install Electric Alarm for Fire Department---People to Decide Street Paving.

Redwood City is to have a modern fire alarm system as soon as the plans can be prepared and the plant installed. This was the practical decision of the Council at its meeting Tuesday evening. Another important action was the determination to be guided by the advice of the property owners in the determination of the character of material to be used in future street improvements. All of the Trustees were present at the meeting, although Hynding came in rather tardy.

The Uuited Gas & Electric Co. was given permission to erect poles on Hopkins avenue, from Arguello to Burch street, for the purpose of connecting their lines to Dingee Park.

Through Street Superintendent Dickey the Frank Tanning Co. presented a request for a change in the location of the fire hydrants on Steinbergea street to positions affording better fire protection to their buildings. On motion of Trustee Rice the street superintendent was directed to make the desired alterations.

Street Superintendent Dickey was authorized to make an extension of the water main on Burch street to admit of a water supply at the new residence of H. Marcus.

Charles Long succeeded in once more inducing the Council to open the question of the granting of a saloon license to Long & Green, this time with more favorable results to himself. Mr. Long stated that the firm were endeavoring to dispose of the business but found this a difficult matter with the place closed. For this reason he urged that the Trustees reconsider their action and grant a license with the understanding that they would retire from the business as soon as a purchaser can be found. This time Long found a partial advocate in Chairman Merrill, who stated that while always a supporter of law and order, and opposed to the saloon, he favored treating all with justice and believed these people should be given an opportunity to get out without suffering a loss that would amount almost to confiscation. From information which had reached him during the past week, he was of the opinion that some of the reports upon which his previous action had been based were without foundation. A saloon in this locality was less harmful than in some other possible locations, and to allow this businees to be disposed of might be the means of settling the difficulties of some of those who had been legislated out of business without establishing new locations. After some little discussion, Trustee Hynding offered a motion that the license permit be granted upon the promise of Long that the business would be sold as soon as possible. The motion was seconded by Trustee Beeger and was adopted by the votes of Trustees Beeger, Hynding and Merrill; Trustees Brown and Rice voting no.

P. A. Roussel addressed the Board and again urged that some assurance be expressed that a license be granted for a saloon in connection with the St. Charles Hotel, provided Mrs. Dugan erected a separate building on her lot. The request was opposed by J. F. Kerr, who objected to a saloon adjoining his property. After considerable controversy between the two, the matter was laid over for further investigation.

Trustee Hynding called attention to the fact that drivers of automobiles were allowing oil to drip on the pavements in violation of the ordinance. The Marshal was instructed to enforce the law and arrest violators.

Street Superintendent Dickie stated that he had found that California Park was still considerably below grade. He was given authority to purchase additional dirt for filling.

Chairman Merrill brought up the fire alarm system proposed by Trustee Rice some time ago, and suggested that steps be taken to installl the system without further delay. The suggestion met with the unanimons approval of the Board, and while the general sentiment favored the Gamewell system, it was evident that the law required that bids be called for. This it was determined to do as quickly as possible, and the work of preparing the plans and specifications was referred to Lohman & Co., the electrical engineers. As soon as these are prepared bids will be called for.

At the suggestion of Trustee Rice it was definitely determined to refer the selection of the class of material to be used in pending street improvements to the property owners. For the purpose of securing a thorough discussion of the subject it was decided to call a mass meeting, to be held at the Alhambra on Thursday evening, July 22d. It is the intention to have a full discussion of the various classes of material and methods at this meeting and if possible determine upon some definite plan. For this purpose it is desired that there should be a full attendance.

The question of the collection and disposition of garbage under the recently adopted ordinance was given some discussion. The Trustees are anxiously awaiting proposals from those who were anxious for the business some time ago.

REMINISCENSES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

BUILDING OF FIRST RAILROAD

Some Incidents of the Building of the Original San Francisco and San Jose Railroad.

[Continuation of history of railroad building in early days.]

At a meetingd of the stock holders of the Railroad Company, held at San Francisco August 12, 1861, directors to serve for one year were elected as follows: Peter Donahue, C. B. Polhemus, H. M. Newhall and T. Damem of San Francisco; B. T. Mann and G. H. Bodfish, of San Jose; T. G. Phelps, of San Mateo. Although Mr. Polhemus was at that time a resident of San Francisco, he shortly afterwards removed to San Jose, purchasing a large portion of the Stockton Ranch, just on the eastern outskirts of the city, where he resided in a spacious old fashioned residence on Stockton avenue until the time of his death, which occurred about 20 years later.

At a meeting of the Board of Supervisors, held on November 4th, the first installment of bonds for the purpose of subscription to the railroad stock, amounting to $10,000, was ordered issued. These bonds were not actually issued until the first week in December, the delay being caused by the illness and death of County Treasurer John. At the time of the making of the order for the issuance of bonds, the officials of the Railroad Company filed a report with the Board showing that work estimated to have cost about $20,000 had been done. At this time several miles of the road had been graded in this county, and the roadbed in this city had been completed ready for the ties. When it is recalled that the winter of 1861-1862 was an exceptionally wet one, for a time experiencing almost continuous rains and a series of disastrous floods, it is rather remarkable that work of this character could make even a small progress. The contractors, however, proved to be energetic and determined men, and did not allow unfortunate weather conditions to materially interfere with their progress. Through all of the floods they kept steadily at work with the grading, when they found it too wet in one place turning to another. Evidently the contractors were making every effort to cultivate the friendship of the people along the route as well as the public in general. About this time the fine bridge across the San Francisquito Creek, one of the best then in the section, was completed, and as the county had no bridge across the creek, the free use of this was tendered to the county until the next fall, when it would be required for the track laying. At the same time the contractors offered to donate to the county one day's service of the entire outfit of men, horses and tools stationed near San Mateo, for work in repairing the county road.

The second $10,000 installment of the county bonds for the road were ordered issued by the Supervisors. When the officials of the Railway Company made application for this issue, they filed with the Board a complete report of the work done to that date. This report showed that there had been expended for grading, grubbing, expenses of engineering and superintendence, cost of right of way, bridge material, etc., in Santa Clara County, $32,150.09; in San Mateo County $47,948.86; in San Francisco county, $5,632.86; making a total of $85,425.13. This amount did not include the cost of right of way in San Francisco, nor the timber and ties contracted for but not yet delivered. At this time 30 miles of the road had been graded, and a force of over 200 laborers were at work in this and San Francisco counties. The contractors it was reported, had purchased rails and rolling stock for the entire road, which was to arrive in San Francisco before the first of August. It was also announced that it was expected to have the cars running between San Jose and San Francisco before the end of the year.

As the winter rains subsided and conditions became more favorable, construction work was pushed rapidly, and the subscribers to the stock of the Company, both public and private, were called upon with regularity and frequency for payments on their subscriptions. At a meeting of the directors, held in San Francisco on April 4, 1862, the third assessment of $10 per share was called for, and on the 3d of the following month the fourth assessment was called in. At the meeting of the Board of Supervisors on the 7th of June, another issue of bonds to the amountm of $10,000 was ordered turned over to the railway company as the fifth installment of the subsciption of the county.

Under the original contract made with McLaughlin & Houston for the construction of the road, for which they were to receive the total sum of two million dollars, they were to receive $500,000 in cash, $500,000 in the bonds of the three counties, $500,000 in stock of the company and a like amount in bonds, which were to be a first mortgage on the road and its equipment. As the amount of the bond usbscription of the counties was increased to $600,000, the amount of the cash payment was reduced in proportion. The bonds to be issued to the contractors were to be paid within ten years and were to draw interest at the rate of 8 per cent. This mortgage of considerably less than $10,000 per mile was expected to be the only debt under which the road would stand at the time of the commencement of operation.

At the annual meeting of the stock holders, held in San Francisco on August 11th, some changes were made in the directors, the new board being as follows: Peter Donahue, C. B. Polhemus, H. M. Newhall, T.Dame, G. H. Bodfish. H. F. Teschemacher and C. T. Ryland. These selected T. Dame as president, H. F. Teschemacher as vice president, Charles W. Sanger, secretary, and P. Donahue treasurer. W. J. Lewis was continued as chief engineer

From this time work on the road proceeded without interruption or incident worthy of note. The contractors were able to push the work much more rapidly than they had expected and it was generally prophesied that the road would be ready for operation at a much earlier date than had been promised. As construction progressed, assessments were levied to secure the necessary funds almost monthly, and on the 1st of December the tenth and last of these assessments was announced.

Building Good Roads.

The San Mateo Times pays Supervisor Coleman a well merited compliment in a recent comment on the new roadway being constructed between this city and Belmont. This road is being graded to a proper grade and then paved with blue rock, well watered and rolled, and completed after the most approved methods of modern macadam road building.

Mr. Coleman has gone about the task of making permanent roads systematically. There are no makeshifts in his district but whenever a road is to be made he does it thoroughly from the foundations up. Then as fast as they begin to wear they are patched up and kept in grade and then paved with bule the second township has a net work of public roads that are equal to those in any county.

Predicts Bright Future.

Railroad officials of prominence are quoted as saying that the peninsula will be one big city within the next twenty years, and, judging by the rapid growth of all the towns and cities the prediction will come true. The growth along the peninsula during the past fiveyears has been remarkable and, according to the railroad statement, the growth becomes greater every year.

Hardly a half mile separates any two houses along the peninsula at the present time, and the railroad line is dotted with towns and villages. San Jose has increased 3,000 in a year, and with the prospect of the big factories locating along the peninsula within a short distance of San Jose, the city should register a population of100,000 with in the next ten years.—San Jose Times.

Estate Takes Judgement.

Yesterday Geo. C. Ross executor or the last will and testament of F. H. Thorp, deceased, took a default judgment against the San Bruno School Trustees for $465 and costs amounting to $11.50. The defendants failed to answer the complaint within ten days, as required by law and Mr. Ross took the judgment. The suit was brought to oust the trustees for failing to perform their duties in not paying the claim of the late F. H. Thorpe for legal services rendered that district amounting to $465.00.

Estate is Small.

W. W. Durham, administrator of the estate of Josephine B. Durham, deceased has filed an inventory of the estate. It consists of cash in bank amounting to $1487.46.

NEWSY NOTES FROM ABOUT THE COUNTY

Interesting Items Gathered by Our Hustling Country Correspondents.

PESADERO, July 9.—The Fourth of July is over and everybody had a good time. A fine barbecue was given at the I. D. E. S. grounds, dancing and foot races, pie eating contest, spoon races, etc., were indulged in. After this was over everybody went down to the Butano Bridge on the marsh land where there were horse racing and a ball game. Pescadero stood 6 to 1 against the San Gregorio team and in the evening fireworks and a grand ball in Union Hall were the attractions. A large crowd attended and many strangers were included.

Dr. and Mrs. Thompson are in San Francisco. The doctor intends returning in his new "Auto."

A Sunday school picnic was given in Teague's Grove on the Pescadero Creek yesterday.

Hazel Frey while wading in the Pescadero Creek got her foor cut on a piece of broken glass.

Walter Bloom came home from Colma where he attended the prize fight.

Miss Helena Hanson, the popular teacher, has resigned her position in the grammar school and has gone to her parents' home at Palo Alto. Miss Hanson has been teaching for the past ten years and is an educator of extarordinary ability. For eight years she taught at Bellvale with great success and for two years has taught here. Miss Hanson is a graduate of the Sequoia Union high school at Redwood City where she graduated with the class of 1899. Her departure from here is very much regretted. She was held in high esteem and the pupils are sorry to lose so good a teacher.

Woodside News Items.

WOODSIDE, July 9.—The Fourth of July passed of quietly. No fire occurred or accident took place to mar the pleasures of the day.

Dr. Toye and family have taken the Woodworth cottage and will occupy it until late in the fall. They are delighted with Woodside and may purchase a place here.

The Woodside postoffice has opened in its new quarters with Harry Jenkins as postmaster.

Arthur Mighall will soon have his new bungalow completed and move into it. It is certainly a cosy home, such as a king might envy.

Mr. and Mrs. Sanford are at Woodside for the summer. They are quite an acquisition to this locality.

Ground will shortly be broken for a new hotel which when completed will be a credit to Woodside and is to contain all the latest improvements including a ball room, swimming pool, tennis court and a fine garage and well layed out grounds. It is said a well known San Francisco capitalist and hotel man is behind the scheme.

The warm sunny weather has been sending out many people from San Francisco every day to enjoy the cool and balmy air of Woodside. The latest to locate here are J. McKilvrey and family of Oakland. They are occupying a cosy gungalow. Mr. and Mrs. Walter Noonan of San Francisco have opened their new home.

It is rumored that a new Catholic Church is to be erected in Woodside. It is to be hoped the rumor will prove a realization as much good would be gained. The young children growing up who are unable to attend Sunday school owing to the great distance to go could receive religious instructions. Woodside is certainly in need of a Catholic Church.

Frank Preston has been enjoying a visit to Santa Barbara. His sisters, Mrs. Worthington Ames and Mrs. Willard Drown, are spending the summer with their children at Miramar, which is near by.

Organize for High School.

The Halfmoon Bay High school has organized with fred Wendt as presidence and William Deeney secretary. The board decided to call an election for the issuance of $40,000 bonds for the purchase of a site erection of a suitable building and the furnishing and equipping same. The following are the districts comprising the high school district and the trustees elected: Montara, A. H. Johnson; Miramar, Mrs. T. H. Stoffels; Halfmoon Bay, Fred Wendt; Pillarcitos. F Madonna; Higgins, Geo. V. Azevedo; Tunis, W. Deeney; Seaside, T. E. Roe. Purissima district desires to join the high school district and the trustees have a lengthy petition asking for permission to come in. No doubt the district will be admitted at the next meeting of the high school board. It was originally intended to include the district but the trustees failed to hold an election for that purpose.

Halfmoon Bay Couple Wed.

A quite wedding took place in Halfmmoon Bay last Saturday at the residences of Mr. and Mrs. W. H. Moore when their oldest daughter, Miss Lou Moore became the bride of Frank G. Williamson of Pescadero, Father Andrianna performing the ceremony. The bride entered the parlor in a white empire gown leaning on the arm of her brother, Geo. C. Moore of San Francisco, and was met by her intended. Miss Emma Teague as bridesmaid was attired in pale blue, while Mr. Bert Woodman acted as best man.

As Miss Moore, the bride was a great favorite with the younger set of the coast side where she was the shining center she will be greatly missed among them. Mr. Williamson was equally as popular. After the ceremony the bridal party with the intimate friends sat down to a wedding feast and left immediately by private conveyance for the metropolis. After a short honeymoon Mr. and Mrs. Williamson will return to Pescadero to reside.

The following class B Liquor licenses were granted:

First Township—A. Baradat, San Bruno; bondsmen, E. M. Pallas and N. Beltramo.

Third Township—Chas. W. Wright, Redwood City; bondsmen, H. C. Tuchsen and C. M. Uhlenberg.

The following liquor dealers gave notice of intention to apply for a license a month hence:

First Township—Lauer & Lovegreen, Millbrae; M. & S. Belli & Co., Colma; A. D. Lenevein, San Bruno.

Second Township—John F. McCann, San Mateo Homestead; W. A. Emmett & Co., Belmont.

Third Township—P. Lenehan, Menlo Park; Frank P. Dougherty, Woodside.

Fourth Township—G. Patroni, Angelo Boitano and P. P. Quinlan, Halfmoon Bay; Mrs. Percy A. Johnson, Montara, class B license.

On the suggestion of District Attorney Bullock action on the Menlo Park liquor licenses was postponed for two weeks, as he was not prepared to advise the board as to what action should be taken regarding them.

A petition was read fro the residents of Lomita Park protesting against the granting of a liquor license to J. J. Welch, who desired to conduct a saloon at the south end of the Park in what is known as North Millbrae. A. Y. Wood, representing the petitioners said there were already four road houses in the vicinity and the people in the Park were opposed to the sale of liquor so near their residences.

J. J. Welch said if granted a license he would conduct a respectable place. The petition was finally referred to Casey to report at the next meeting.

The applications of Elie Allemand and Ambrogio Ramacciotti, for licenses in the First township, which had been laid over from a previous meeting, were granted.

P. Griffa of San Francisco, applied for a license to peddle fruit and vegetables in the First township. The application was laid over for one month on motion of Casey.

The following maps of county subdivisions were accepted by resolution with the provision that the county does not become responsible or liable for any cost, charge or expense for grading, macadamizing or other improvement of the streets or avenues in the tracts so designated.

Ola Vista Beach tract in the Fourth township.

Resubdivision of a portion of the San Mateo City Homestead, Second township.

Marine View Beach, in the Fourth township.

District Attorney Bullock presented the returns and other documentary proceedings showing that an election had been held in Portola school district on June 14th at which $4,000 was voted for the purpose of erecting a new school building. The bonds are to run eight years and bear six per cent interest.

A resolution was adopted on motion of Casey, seconded by McEvoy, declaring the result of said election in accordance with the proofs submitted.

The Warren Improvement Co. was granted permission to excavate the County Road from the Mission Tract to lay a sewer main. They were required to file a bond in the sum of $250 to restore the road to its original condition.

A notice was read from the secretary of the State Board of Equalization stating that the assessor was given an extension of time, to-wit, to the 13th of July to prepare the assessments roll and the time for equalizing as essments was extended to July 26th. The supervisors then met as a board of equalization and after accepting the communication adjourned to July 12th, Assessor Hayward stated he would have his books ready by that time.

A communication was received from Pringle & Pringle, attorneys at law of San Francisco, notifying the board that in accordance with the action taken May 22, a contract had been virtually awarded to the Direct Line Telephone Company to install its phone system in the courthouse, and unless steps were taken to carry out the terms of the contract mandamus proceedings would be taken by the company to enforce such action by the board.

The communication was accepted and filed.

Action on the protest of certain San Bruno residents against the Spring Valley flume at that place was laid over until the next meeting.

A communication was read from the National Irrigation Congress informing the board that the next session of that body would be held at Spokane, August 9th to 14th and inviting the appointment of delegates to the session. Accepted and filed.

The communication from State Forester Lull, calling the board's attention to the State law in reference to planting and preservation of shade trees on the highwys and asking the boards co-operation, was ordered filed.

B. L. Wilcox, representing the Waterhouse & Price Company, addressed the board and exhibited samples of fireproof metal doors and door and window frames, suitable for the new court house.

Architect Allen stated that the contract under which the building was being erected provided for the use of the wooden doors and frames that had been in the former structure. He believed, however that the matter ought to be given consideration.

Th architect was directed to go over the plans with Mr. Wilcox and give him information that would enable him to give an estimate of the number of doors and frames that would be required by the next meeting.

The Poor Farm Committee was given further time to act on the application of J. F. Ford, the superintendent for a team of horses for use on the farm..

Frances was granted further time in which to report on the railroad crossings at Long bridge in his district.

The alleged contract of the Direct Line Telephone Company was taken up, statements being made by the representatives of the two corporations as to the merits of their respective systems.

Chairman McEvoy maintained that the board had a right to revoke a contract when it was in the interest of economy to do so. The only question was whether the Direct Line Company had suffered any loss through the purchase of material, believing that the contract had been awarded to them. They had made no such showing. If they had it would be cheaper for the board to pay the loss and accept the offer of the Pacific Telephone Company of $350.

No action was taken in settlement of the controversy and the matter was passed until the next meeting.

Architect Allen stated to the board that he had caused Rainey & Phillips to discontinue the work of cleaning and pointing the stone work on the courthouse as it would be discolored by the installation of the fireproofing. He deducted $500 from the amount due the Company as a guarantee that the work would be done later.

Ordinance No. 229, shortening the season for killing game in the county was passed and adopted.

The Auditor was directed to prepare a list of the courthouse contracts, the amount that had been paid on same and the amount still due. Same to be presented at the next meeting of the board.

The board adjourned to July 12th.

A "facer" for the San Francisco Gas and Electric Company was delivered by the state supreme court Tuesday when a jury's verdict for $10,800 and costs in favor of Attorney Walter H. Linforth of Menlo Park was sustained and the company's appeal from the trial court's rejection of the company's motion for a new trial was denied. It is estimated that the judgment will cost the gas company at least $15,000. The case grew out of a gas explosion November 17, 1904, that seriously damaged a $30,000 flat building at 1402 Washington street owned by Linforth.

Miss Mary Keeney, who is one of the most beautiful as well as one of the most popular of the younger belles of San Francisco is at Menlo Park for the holiday season as the guest of Miss Florence Hopkins.

After his graduation with the class of 1905 from the mining and Geology department, Mr. Nobs went to Manillas-Zacatecas, Mexico where he secured a position in a large mine owned by an English Syndicate empolying as many as 2000 men. Mr. Nobs has since been promoted to a responsible position with the company and receives a princely salary. He is considered among the ablest mining engineers of the company. Mrs. Smith after graduating with the class of 1906 secured a position in the Nome High School, Alaska, where she remained for a year, resigning to accept an instructorship in the Romance language deprtment of Stanford from which she resigned last June. After the honeymoon the young couple will make their home in Zacatecas.

Bigamist Pleads Guilty.

V. A. McCreery, the bigamist, plead guilty in the Superior Court last Saurday and the time set for passing sentence has been fixed for July 29th. The penalty of the crime is from one to fourteen years in the State's prison. McCreery was married to Mary White in this city by Judge Hannon on April 20th of this year while having a wife at Riverside from whom he was not divorced. After the ceremony he and his wife fled to Portland where McCreery engaged in the drug business. The father of the girl shortly after wards swore to a warrant and Sheriff Chatham brought him from Portland last month. Judge McSweeney, sitting for Judge Hannon, on June 18th held him to appear before the Superior Court, fixing his bail at $4,000. McCreery is a smooth scoundrel and richly deserves a term in San Quentin.

Honor Brother's Memory.

The following resolutions relative to the death of Alpheus Underhill were adopted by Metamora tribe of Redmen, Monday evening:

To the Chiefs of Metamora tribe, No. 24, Improved Order of Red Men.

Your committee appointed to prepare an obituary speaking leaf in memory of our late brother, A. Underhill, respectfully report as follows:

IN MEMORIAM.

The Dark Spirit has again entered our hunting grounds and captured one of our beloved chiefs, this time one who after following the long trail from the rising sun, assisted in kindling the first council fire of this Tribe.

Brother Alpheus Underhill became a charter member of the Tribe on the sleep of the 28th sun of Sturgeon Moon, G. S. D. 378.

For many great suns he followed the chase as a good hunter, or lead as a chief and was regarded as a man who knew no fear, while during the balance of the forty great suns of his continuous membership, he sat contentedly with our old men, and gave council and advice. Always full of pleasant speech and quick to lend a helping hand where needed, he was endeared to and loved by all.

When stricken by the shaft of death he met it with unwavering courage though the trail through the dark forest was long and painful, and he crossed the dark river on the early rising of the 24th sun of Hot Moon, G. S. D. 418.

"On wings of bird his soul is flying
To hunting grounds beyond our view.
Where God of love, Great Manitou,
Dwells, with no sound of grief or sighing."

May the Great Spirit assuage the grief of those dear ones he has left behind, and may he spread his protecting wings over them.

We recommend as a further mark of respect to the memory of our deceased brother that the Tribal charter be darkened for thirty suns and that this report be spread in full upon the records of the Tribe

Fraternally submitted, Geo West, G. J. Ligouri, A. O. Anderson, Committee.

GO TO THE RESCUE.

Don't Wait till it's Too Late—Follow the Example of a Redwood City Citizen.

Rescue the aching back.
If it keeps on aching, trouble comes.
Backache is kidney ache.
If you neglect the kidneys' warning,
Look out for urinary trouble—diabetes.

This Redwood City citizen will show you how to go to the rescue.

C. J. Bettin, living at 607 Cedar st., Redwood City, Cal., says: "Some eight or ten years ago I slipped and strained my back and from that time on I was more or less troubled by a dull, heavy pain across my loins and kidneys. Seeing Doan's Kidney Pills highly advertised, I procured a box and commenced using them. They went directly to the seat of my trouble, strengthening my back and regulated the action of the kidney secretions. I can say that the claims made for this remedy were prov-true to me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
